Design Kit: Trimming Potentiometers

Trimming potentiometers perform a variety of circuit adjustments in all types of electronic equipment. The variety of physical configurations available and the ability to withstand today's manufacturing environment offers the designer flexibility in selecting the best trimmer for the application. Around the world, trimmers are used in virtually every electronic market.

Each kit contains samples of each of the part numbers.

Kit Number	H-814-2	H-840	H-841	H-851
