

I/O connectors for portable equipment Receptacle 18, 22, 24 and 26 contacts

50 contacts

System connector ultra low profile type Plug (cable connection type) 18, 22, 24 and 26 contacts

I/O connectors for portable equipment Plug (cable connection type) 50 contacts

System connector ultra low profile type Plug (Board mounting type) 22, 26 and 50 contacts

Customizable for several contacts. Ask about details.

Compliance with RoHS Directive

FOR CELLULAR PHONE; ULTRA LOW PROFILE TYPE FOR PORTABLE EQUIPMENT (0.5mm PITCH)

SYSTEM CONNECTORS ULTRA-LOW PROFILE TYPE (AXR3) I/O CONNECTORS FOR PORTABLE EQUIPMENT (AXR5)

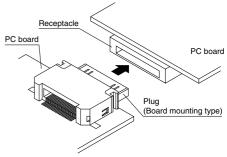

FEATURES

 Compact receptacle helps to design lighter, slimmer, smaller devices.
 I/O connector for portable equipment
 18, 22, 24 and 26 contacts

Ultra low-profile 1 0.5mm pitch

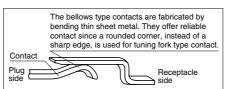

5. Plugs with 22, 26 and 50 contacts are also available in board mounting types. These are ideal for such applications as the connection between PDAs and datacommunication cradles.

2. Bellows-type contacts

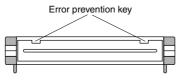

Our bellows-type contacts resist mating stress and offer high contact reliability.

Coaxial portion with switching function (1 Form B configuration) can be applied up to 2GHz. Connection of incorrect pairs is prevented by cross-manufacturer

mating error prevention key. By changing the location of the mating error prevention key, erroneous insertion of a different connector is prevented. This eliminates the chance of any problems that may be caused by mistaken

connections. Please consult us for more information.

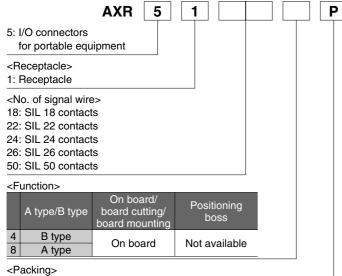

The key groove is different for every customer.

Matsushita Electric Works, Ltd.
